

Entwined

by Jodie Boyle

*Love
Pure
Unconditional
Forever...*

*In a world full of people, you found each other
A spark
Falling in love
A piece of that wonderful feeling nestled softly against your heart
A treasured gift
Two small, bright flames
Truly...a Miracle*

*Today, beneath a cloudless, sunlit sky
You will be surrounded by love
Family and friends
Past, present, and those yet to come
A radiant Bride
A joyful Groom
A few small steps upon a path of roses
Your hands held softly, fingers entwined
Smiles; your eyes alight with love
You will speak your heart and your truth
"I'm yours, forever and always"
Two gold rings
Symbols and tokens of love, devotion
Faith and commitment
Time stands still as you gift each other with a kiss
Your first as Husband and Wife*

*Celebrations!
Feasting and champagne
Well wishes
A waltz
"Hold me close"
A circle of friends to fare you well*

A night of magic awaits

*Music
Candlelight
Roses
Oh, don't let the dawn come quickly!*

*As you begin your new life together
Dear Ones
May you always be blessed with joy
From this day forth
Your way lies together
Like the ocean stretching far as the eye can see
Let your love for each other
Flow around you
Through you
In you...
Forever*
